

## Federal Accounting Standards Advisory Board

October 7, 2016

### Memorandum

To: Members of the Board

From: Wendy M. Payne, Executive Director

Subj: Fairfax County, VA: Experiences Identifying Lines of Business  
- **Tab 3<sup>1</sup>**

#### MEMBER ACTIONS REQUESTED:

- This is an educational session. If you have questions before the meeting, please let me know.

### MEETING OBJECTIVES

To obtain perspectives from Fairfax County relating to performance reporting.

### BACKGROUND

Christina Jackson, Deputy Director, Fairfax County Department of Management and Budget, and Marijke Hannam, Director, Financial Management Division, will join us to share insights regarding their lines of business effort. Attachment 1 provides the Citizen's Guide to Fairfax County's 2016 Lines of Business.

Please contact me before the meeting regarding any questions.

---

<sup>1</sup> The staff prepares Board meeting materials to facilitate discussion of issues at the Board meeting. This material is presented for discussion purposes only; it is not intended to reflect authoritative views of the FASAB or its staff. Official positions of the FASAB are determined only after extensive due process and deliberations.

*Fairfax County, Virginia*

## ***2016 Lines of Business***

### ***Citizen's Guide to Fairfax County's 2016 Lines of Business***

[www.fairfaxcounty.gov/budget/2016-lines-of-business.htm](http://www.fairfaxcounty.gov/budget/2016-lines-of-business.htm)

## Introduction

The 2016 Lines of Business (LOBs) exercise is the first step of a multi-year process to shape the County's strategic direction and validate County priorities. The LOBs process will cross multiple years and consist of two phases. Initially, LOBs are anticipated to be used to educate readers on the array of services provided by Fairfax County and to begin discussions at the Board of Supervisors (Board) and community levels regarding which programs/services should be more closely evaluated. Phase 2 will focus on programs/services to be reviewed for improved efficiency and effectiveness and direction of staff to create project plans around implementation of recommendations from the Board. Ultimately, the Board will be better positioned to approve a sustainable financial plan to invest in the County's future success. In summary the timeline for the LOBs process is as follows:

### Phase 1

- Presentation and discussion of LOBs (January – April 2016)

### Phase 2

- Next steps identified by the Board (January – April 2016)
- Project plans/timelines developed by staff (April – June 2016)
- Reports to the Board on projects (Fall 2016 – July 2017)

The ultimate linkage to the budget is in the context of 8 years of budget reductions which have resulted in the elimination of more than 700 positions and \$300 million. (<http://www.fairfaxcounty.gov/dmb/budget-reductions.htm>). Any budget adjustments will need to be made with the recognition that the County's priorities will be impacted and, thus, thorough evaluation is needed. As a result of the LOBs discussion, the community and the Board will be fully informed regarding the impacts associated with specific decisions.

## Scope of LOBs

The \$7 billion budget of the County includes a vast array of programs and services to support the diverse population of more than one million people. The County has 390 Lines of Business focusing on the approximately 47 percent of the General Fund that is non-school as well as all other non-General Fund services. Programs and services that are funded primarily by residential real estate taxes and personal property revenues are referred to as the General Fund. Other significant revenue sources support specific programs such as Solid Waste, Wastewater and are referred to as Other Funds. The complete list of LOBs and associated documents from 1 to 390 is available at <http://www.fairfaxcounty.gov/budget/2016-lines-of-business.htm>. This information is typically organized by County department however, it is also accessed in a number of different ways to attempt to customize access to a variety of readers. It is important to note that LOBs are typically more discrete than the County budget and provide more information on specific functions of the County.

## Joint Work With Fairfax County Public Schools

The other 53 percent of the General Fund is directly utilized in support of the Fairfax County Public Schools (FCPS). The intersection of the County LOBs process with FCPS is joint work on several cross-cutting areas to identify opportunities:

- Transportation services
- School Health services
- Behavioral Health services

This joint work with FCPS is also anticipated to cross multiple years. Staff will present first phase recommendations at a joint meeting of the respective Boards in March 2016..

## What the LOBs Documents Offer

The LOBs documents include a brief department/fund overview as well as detailed information about each individual Line of Business. Recognizing that the services provided by staff to the community, central services and the funds used to construct infrastructure are very different, there are some variations in the presentation of the LOBs information.

## LOBs Aligned With County Vision Elements

The initial phase of the LOBs discussion has also aligned all LOBs to the County's Vision Elements. These Vision Elements are intended to describe what success will look like as a result of the County's efforts to protect and enrich the quality of life for the people, neighborhoods, and diverse communities of Fairfax County. The Vision Elements were chosen since they were designed to include the entire universe of what the County does (outside of the operating transfer to FCPS). The alignment process is not a scorecard, but rather shows how important LOBs are to achieving the Vision Elements and how resources are allocated. The intent of the alignments is to promote a more structured discussion of the LOBs, to provide yet another means of accessing the LOBs and to assist in navigating the next phases of the LOB process, including reviewing LOBs for efficiencies, effectiveness and framing a long-term funding strategy.

## Departmental LOBs Presentations to the Board of Supervisors

The Board will receive presentations on the LOBs beginning on January 19, 2016. There are meetings scheduled in January, February and March to provide the opportunity for every department to present their LOBs to the Board. The complete schedule of LOBs presentations can be found at <http://www.fairfaxcounty.gov/budget/2016-lines-of-business.htm>. Prior to each day, the presentations will be made available online. During these presentations the departments will "tell their stories" and engage with the Board in a detailed discussion on trends, challenges, metrics and issues facing the department and its LOBs. These presentations will help to answer questions and identify next steps.

## Community Engagement and Input

At the same time input from the community is being solicited. The goal is for a very broad-based community involvement. There will be online opportunities for detailed review of documents and submission of questions. There are a variety of ways to access the LOBs information depending on the interest of the reader. The online search function can be accessed at: <http://www.fairfaxcounty.gov/budget/2016-lines-of-business.htm>. LOBs can be viewed by choosing the LOB number, the department, a category, by Vision Element, a key word search, or by program area. If the reader has a particular comment or question they can submit that information to the County. From these submissions, staff will develop Frequently Asked Question (FAQs) and responses will be placed online. Suggestions for areas of review will be forwarded to the Board and there will be a formal Q&A process for the Board. Staff will also compile a list of all comments to assist the Board in defining next steps.

In addition there will be meetings throughout the County to share the details of the first phase of the process and direct the community to the online opportunities. Details will be shared not only as part of the budget meetings that occur in February, March and April sponsored by Board members, civic associations, and community groups but there will also be three focused presentations in the community to respond to Frequently Asked Questions (FAQs) and to solicit input. The focused presentations, which will provide more detailed discussions on LOBs, will be held on :

- **March 12 at the South County Government Center**  
**Room # 221 – Main Conference Room - 9:00 a.m. to 11:30 a.m.**  
⇒ Located at 8350 Richmond Highway, Alexandria, VA 22309
- **March 19 at the Providence Community Center**  
**Multipurpose Room #2 - 9:00 a.m. to 11:30 a.m.**  
⇒ Located at 3001 Vaden Drive, Fairfax, VA 22031
- **March 19 at the Government Center**  
**Conference Room 9/10 - 1:00 p.m. to 3:30 p.m.**  
⇒ Located at 12000 Government Center Parkway, Fairfax, VA 22035

Finally a survey instrument is being developed to solicit additional ideas and input. It is anticipated to go live in mid-February 2016.

The goal for this first phase of LOBs is that the Board will focus the input and give direction to staff to lay out next steps. Staff will then develop Phase 2 calendars and a work plan based on this input. Ultimately, the Board will discuss a sustainable financial plan to pay for services/invest in Fairfax in future years based on the discussion that begins with LOBs .
