**Please provide your name.**

Name: **NASA (National Aeronautics Space Administration)**

**Please identify your organization, if applicable.**

Organization: **Policy Division, OCFO (Office of the Chief Financial Officer)**

*Please email your responses to [fasab@fasab.gov](mailto:fasab@fasab.gov). If you are unable to respond by email, please call (202) 512-7350 to make alternate arrangements.*

This proposal would clarify existing guidance in Statement of Federal Financial Accounting Standards (SFFAS) 3, *Accounting for Inventory and Related Property*, for seized and forfeited digital assets.

**QFR 1** The proposed Technical Bulletin (TB) would clarify that reporting entities should treat central bank digital currencies as monetary instruments and treat all other digital assets (such as cryptocurrencies, stablecoins, non-fungible tokens, etc.) as nonmonetary property when applying the seized and forfeited property guidance in SFFAS 3 to digital assets.

**Do you agree or disagree? Please provide the rationale for your answer.**

**NASA is not currently involved with digital assets.**

**QFR 2** The proposed TB would clarify that, for purposes of reporting market value in accordance with the seized and forfeited property guidance in SFFAS 3, reporting

*Technical Bulletin, Seized and Forfeited Digital Assets*

entities should translate seized and forfeited foreign central bank digital currencies to U.S. dollars at the relevant exchange rate and report a market value for all other seized and forfeited digital assets only if management can determine that a publicly observable active market exists for the specific digital asset.

**Do you agree or disagree? Please provide the rationale for your answer.**

**NASA is not currently involved with digital assets.**

**QFR 3** The proposed TB would clarify that reporting entities should apply the existing SFFAS 3 disclosure requirements for seized and forfeited digital assets, including digital assets for which reporting entities cannot determine a market value. The proposed TB would also clarify that SFFAS 3 does not require reporting entities to disclose specific information about individual digital asset seizures or forfeitures.

**Do you agree or disagree? Please provide the rationale for your answer.**

**NASA is not currently involved with digital assets.**

**QFR 4** Do any ambiguous areas remain that could lead to challenges with implementing the SFFAS 3 reporting requirements for seized and forfeited digital assets? If so, please reference the specific issues, applicable guidance, and potential solutions.

**NASA is not currently involved with digital assets.**

**QFR 5** Do you wish to comment on any other specific aspects of this proposal?

**No.**
