UPDATE FOR SFFAS 55, AMENDING INTER-ENTITY COST PROVISIONS: RESCISSION OF TECHNICAL RELEASE 8

Federal Financial Accounting Technical Release

Exposure Draft

Written comments are requested by October XX, 2018

August XX, 2018
The Secretary of the Treasury, the Director of the Office of Management and Budget (OMB), and the Comptroller General of the United States established the Federal Accounting Standards Advisory Board (FASAB or “the Board”) in October 1990. FASAB is responsible for promulgating accounting standards for the United States government. These standards are recognized as generally accepted accounting principles (GAAP) for the federal government.

An accounting standard is typically formulated initially as a proposal after considering the financial and budgetary information needs of citizens (including the news media, state and local legislators, analysts from private firms, academe, and elsewhere), Congress, federal executives, federal program managers, and other users of federal financial information. The proposed standards are published in an exposure draft for public comment. In some cases, a discussion memorandum, invitation for comment, or preliminary views document may be published before an exposure draft is published on a specific topic. A public hearing is sometimes held to receive oral comments in addition to written comments. The Board considers comments and decides whether to adopt the proposed standard with or without modification. After review by the three officials who sponsor FASAB, the Board publishes adopted standards in a Statement of Federal Financial Accounting Standards. The Board follows a similar process for Statements of Federal Financial Accounting Concepts, which guide the Board in developing accounting standards and formulating the framework for federal accounting and reporting.

The Accounting and Auditing Policy Committee

The Accounting and Auditing Policy Committee (AAPC) was organized in May 1997 by the Department of the Treasury, the Office of Management and Budget (OMB), the Government Accountability Office (GAO), the Chief Financial Officers Council (CFOC), and the Council of the Inspectors General on Integrity and Efficiency (CIGIE—formerly the President's Council on Integrity and Efficiency) as a body to research accounting and auditing issues requiring guidance.

The AAPC serves as a permanent committee established by the Federal Accounting Standards Advisory Board (FASAB). FASAB’s mission is to develop accounting standards after considering the financial and budgetary information needs of congressional oversight groups, executive agencies, and the needs of other users of federal financial information. The mission of the AAPC is to assist the federal government in improving financial reporting through the timely identification, discussion, and recommendation of solutions to accounting and auditing issues as they relate to the specific application of existing authoritative literature.

The AAPC is intended to address issues that arise in implementation that are not specifically or fully discussed in federal accounting and auditing standards. The AAPC’s guidance is cleared by FASAB before being published.

Additional background information on the AAPC is available from FASAB on its website:

TO: ALL WHO USE, PREPARE, AND AUDIT FEDERAL FINANCIAL INFORMATION

Your comments on the exposure draft of a proposed Federal Financial Accounting Technical Release, Update for SFFAS 55, Amending Inter-Entity Cost Provisions: Rescission of Technical Release 8, are requested. Specific questions for your consideration appear on page three, but you are welcome to comment on any aspect of this proposal. If you do not agree with the proposed approach, your response would be more helpful to the Committee if you explain the reasons for your position and any alternative you propose. Responses are requested by October XX, 2018.

All comments received are considered public information. Those comments may be posted to the Accounting and Auditing Policy Committee’s website and will be included in the project’s public record.

Mail delivery is delayed by screening procedures. Therefore, please provide your comments in electronic form by e-mail to fasab@fasab.gov. If you are unable to e-mail your responses, we encourage you to fax the comments to (202) 512-7366. Alternatively, you may mail your comments to:

Wendy M. Payne, Executive Director
Federal Accounting Standards Advisory Board

Washington, DC 20548

We will confirm receipt of your comments. If you do not receive confirmation, please contact our office at (202) 512-7350 to determine if your comments were received.

We may hold one or more public hearings on any exposure draft. No hearing has yet been scheduled for this exposure draft. Notice of the date and location of any public hearing on this document will be published in the Federal Register and in FASAB’s newsletter.

Sincerely,

Wendy M. Payne
AAPC Chairperson
EXECUTIVE SUMMARY

SFFAS 4, as amended, provides for the continued recognition of significant inter-entity costs by business-type activities. Although recognition of inter-entity costs by activities that are not business-type activities is not required with the exception of inter-entity costs for personnel benefits and the Treasury Judgment Fund settlements, non-business-type activities may elect to recognize imputed cost and corresponding imputed financing for other types of inter-entity costs.

This Technical Release (TR) would rescind TR 8, Clarification of Standards Relating to Inter-Entity Costs, because it is no longer consistent with SFFAS 4, as amended.

The provisions of this TR need not be applied to immaterial items. The determination of whether an item is material depends on the degree to which omitting or misstating information about the item makes it probable that the judgment of a reasonable person relying on the information would have been changed or influenced by the omission or the misstatement.

The Accounting and Auditing Policy Committee (AAPC or “the Committee”) encourages you to become familiar with all proposals in the Technical Release (TR) before responding to the question in this section. In addition to the question below, the Committee welcomes your comments on other aspects of the proposed TR. Because the proposals may be modified before a final TR is issued, it is important that you comment on proposals that you favor as well as any that you do not favor. Comments that include the reasons for your views are especially appreciated.

The Committee believes that this proposal would improve federal financial reporting and contribute to meeting the federal financial reporting objectives. The Committee has considered the perceived costs associated with this proposal. In responding, please consider the expected benefits and perceived costs and communicate any concerns that you may have in regard to implementing this proposal.

The questions in this section are available in a Microsoft Word file for your use at http://www.fasab.gov/documents-for-comment/. Your responses should be sent by e-mail to fasab@fasab.gov. If you are unable to respond by e-mail, please fax your responses to (202) 512-7366. Alternatively, you may mail your responses to:

Q1. In light of the recently issued Statement of Federal Financial Accounting Standards (SFFAS) 55, Amending Inter-entity Cost Provisions, this TR rescinds TR 8, Clarification of Standards Relating to Inter-Entity Costs, because it is no longer consistent with SFFAS 4, Managerial Cost Accounting Standards and Concepts, as amended.

Do you agree or disagree with the rescission of TR 8? Please provide the rationale for your answer.
SCOPE

1. Readers of this Technical Release (TR) should first refer to the hierarchy of accounting standards in Statement of Federal Financial Accounting Standards (SFFAS) 34, *The Hierarchy of Generally Accepted Accounting Principles, Including the Application of Standards Issued by the Financial Accounting Standards Board*. This TR supplements the relevant accounting standards but is not a substitute for and does not take precedence over the standards.

RESCISSION OF TECHNICAL RELEASE 8, *CLARIFICATION OF STANDARDS RELATING TO INTER-ENTITY COSTS*

2. This paragraph rescinds TR 8, *Clarification of Standards Relating to Inter-Entity Costs*, in its entirety because it is no longer consistent with SFFAS 4, *Managerial Cost Accounting Standards and Concepts*, as amended.

EFFECTIVE DATE

3. This TR is effective upon issuance.

The provisions of this Technical Release need not be applied to immaterial items.
APPENDIX A: BASIS FOR CONCLUSIONS

This appendix discusses some factors considered significant by Committee members in reaching the conclusions in this Technical Release. It includes the reasons for accepting certain approaches and rejecting others. Individual members gave greater weight to some factors than to others. The guidance enunciated in this Technical Release—not the material in this appendix—should govern the accounting for specific transactions, events, or conditions.

This Technical Release may be affected by later Statements or other pronouncements. The Handbook is updated annually and includes a status section directing the reader to any pronouncement that changed this Technical Release. Within the text of the Technical Release, the guidance sections are updated for changes. However, this appendix will not be updated to reflect future changes. The reader can review the basis for conclusions of the amending Statements or other pronouncements for the rationale for each amendment.

PROJECT HISTORY

A1. SFFAS 4, Managerial Cost Accounting Standards and Concepts (including Interpretation 6, Accounting for Imputed Intra-departmental Costs: An Interpretation of SFFAS No. 4), required reporting entities to recognize the full costs of services received from other federal reporting entities even if there was no requirement to reimburse the providing reporting entity for the full cost of such services.

A3. With the rescission of SFFAS 30, paragraphs 110 and 111 of SFFAS 4, as amended, were restored to their original language prior to the issuance of SFFAS 30. SFFAS 55 revised SFFAS 4 to provide for the continued recognition of significant inter-entity costs by business-type activities. Inter-entity costs continue to be imputed for those reporting entities conducting business-type activities because the information is directly tied to rates.

A4. Although recognition of inter-entity costs by activities that are not business-type activities is not required with the exception of inter-entity costs for personnel benefits and the Treasury Judgment Fund settlements, non-business-type activities may elect to recognize imputed cost and corresponding imputed financing for other types of inter-entity costs.

1 Business-type activity is defined as a significantly self-sustaining activity that finances its continuing cycle of operations through collection of exchange revenue as defined in SFFAS 7, Accounting for Revenue and Other Financing Sources and Concepts for Reconciling Budgetary and Financial Accounting.
RESCISSION OF TR 8, CLARIFICATION OF STANDARDS RELATING TO INTER-ENTITY COSTS

A5. This TR rescinds TR 8, Clarification of Standards Relating to Inter-Entity Costs, because it is no longer consistent with SFFAS 4, as amended.

A6. Rescinding TR 8 will rescind guidance that is not in accordance with generally accepted accounting principles (GAAP) due to SFFAS 55 amendments. For example, TR 8 does not reflect that recognition of inter-entity costs by activities that are not business-type activities is not required with the exception of inter-entity costs for personnel benefits and the Treasury Judgment Fund settlements. However, non-business-type activities may elect to recognize imputed cost and corresponding imputed financing for other types of inter-entity costs.

A7. This proposal would also eliminate potentially confusing references to the rescinded SFFAS 30. The Accounting and Auditing Policy Committee (AAPC or “the Committee”) believes it appropriate to rescind TR 8 because allowing it to remain would be inconsistent with current GAAP and would lead to potential misapplication of the technical guidance. For example, paragraph 7 (the first paragraph under the “Technical Guidance” section) of TR 8 states: “This guidance is presented in response to three implementation issues identified by FASAB based on comments SFFAS 30 received from respondents.” With SFFAS 30 being rescinded, allowing TR 8 to remain in effect could bring questions as to its applicability.

A8. Considering the changes that have occurred in the accounting for inter-entity costs, the Committee’s goal was to update TR 8 to ensure clear guidance going forward. The Committee carefully considered if any guidance should be maintained and if any additional guidance was necessary.

A9. Much of the guidance that was previously included in TR 8 is no longer necessary or relevant based on the amended standards. For example, the list of broad and general support goods and services that was provided in table 1 is not necessary to maintain. While the list was helpful to the community when TR 8 was issued in 2008, the Committee believes the conclusions presented in the list are now well established and do not need to be included in any form of updated guidance. Portions of TR 8 reiterated key points from SFFAS 4 and quoted it directly. Other portions of TR 8 contained paraphrases from the “Concepts” and “Basis for Conclusions” of SFFAS 4 that are still included within SFFAS 4.

A10. The Committee believes that, while the guidance was useful during initial implementation of SFFAS 30, it is not necessary today. For example, including excerpts from SFFAS 4 (issued in 1995) is not practical or useful considering SFFAS 4 is available for reference. The Committee believes all necessary guidance resides in SFFAS 4, as amended.
