DISA enters into Cooperative Research and Development Agreements (CRADAs) with industry and academia to conduct RDTE and exchange personnel, property, equipment, intellectual property, and material in support of the intended RDTE. DISA's exposure to risk is minimal and stated in the agreements. Though Joint Interoperability Command (JITC) does have CRADA's on a reimbursable basis, they do not exceed a four-year life. DISA's CRADAs consist of Fee for Service and Unified Capabilities classifications. DISA does not have P3's.
