### AAAPC Member Lane Concludes Four Years of Service

The Accounting and Auditing Policy Committee's original at-large member, Mr. Jay Lane, has completed his service. Mr. Lane was an original member of the Committee and was instrumental in establishing the original operating procedures as well as the first five Technical Releases. His contribution to AAPC has been tremendous. Mr. Lane served as an “at-large” member appointed by the FASAB Steering Committee. The Steering Committee is interested in considering both federal and non-federal candidates for this seat. Please contact Monica Valentine, at 202 512-7362 (valentinem@fasab.gov) to recommend candidates or offer your services.

### Highlights of the June 18-19, 2001 Board Meeting

#### Board Welcomes New Member, John Farrell

The Board was joined in June by Mr. John A. Farrell, CPA, CGFM. Mr. Farrell retired from KPMG in November 1999 after serving as a partner in KPMG’s Government Assurance Practice. He directed audits and audit-based advisory service engagements to federal, state, and local governments. He was appointed to a two-year term as a non-federal representative on the Board.

#### RSSI to be Eliminated

The Board reaffirmed its decision to eliminate the RSSI category. One member abstained because it was his first meeting; another member was absent. All the others agreed that the Board should resume work on exposure drafts to reclassify individual items of stewardship information as either “basic” or “required supplementary information.” Point of contact, Robert Bramlett, 202-512-7355, bramlett@fasb.gov

#### National Defense Property, Plant, & Equipment Exposure Draft Nears Completion

The Board continued its review of a draft exposure draft on National Defense Property, Plant, and Equipment (ND PP&E). Final revisions were proposed to technical provisions and the Board agreed to consider the next revision as a pre-ballot draft with final editorial changes expected by the end of July and balloting in early August. The Board concurred that it would be desirable to issue the exposure draft before its next meeting in late August. Point of contact: Rick Wascak, 202-512-7363, wascakr@fasb.gov
Board Decides to Undertake Consolidated Financial Report Project

The Board decided to undertake a project on analysis of the Consolidated Financial Report (CFR) of the US. The project will include a roundtable and/or survey to assess how the information in the current CFR is more or less useful to readers. It will also include an analysis of current Federal generally accepted accounting principles (GAAP) to determine if standards should be modified to more specifically address the CFR.

Board Tentatively Approves Amending SFFAS 7

The Board discussed the technical amendment to Statement of Federal Financial Accounting Standards (SFFAS) 7, Accounting for Revenue and Other Financing Sources. The amendment would allow flexibility in reporting changes in "receivables from the public related to exchange revenue" on the Statement of Financing. The Board noted that responses were continuing to arrive after the due date and agreed to review any comments received before July 2nd before voting on the final standard. The Board approved the amendment, barring any negative comments received by July 2nd. Point of contact: Richard Fontenrose, 202-512-73, fontenroser@fasab.gov

Board Gives Preliminary Approval to Draft Standard on Correcting Errors

The Board reviewed and discussed the draft final statement on Reporting Corrections of Errors and Changes in Accounting Principles, and the fourteen comments received from respondents. The Board made only editorial changes in the draft. Since respondents had less time to review the document because of mailing delays, the Board agreed to consider comment received up to July 2, 2001. Comments will be forwarded to the Board until that date; voting will take place shortly thereafter. Point of contact: Andrea Palmer, 202-512-7360, palmera@fasab.gov
Announcements

• General Accounting Office (GAO) issues exposure draft of a proposed revision to Government Auditing Standards (GAGAS) titled Government Auditing Standards: Independence (GAO/GAGAS-ED-4). The proposed revision would expand the definition of personal impairments, highlight the distinction between external and internal reporting, and acknowledge the ways that organizations can be free from organizational impairments to independence. The comment period ends July 30, 2001. A copy of the exposure draft can be obtained from GAO’s Home Page (www.gao.gov). Additional copies of these proposed standards can be obtained from the U. S. General Accounting Office, Room 1100, 700 4th Street, NW, Washington, D.C. 20548, or by calling (202) 512-6000.

• FASAB has made available a limited number of printed copies of its December 31, 2000 edition of Original Statements. To request a copy, please contact the General Accounting Office Document Distribution Center at 202 512-6000. The Document Number is SP-01-17.
