This proposal would amend Technical Release (TR) 10, *Implementation Guidance on Asbestos Cleanup Costs Associated with Facilities and Installed Equipment*; TR 16, *Implementation Guidance for Internal Use Software*; TR 20, *Implementation Guidance for Leases*; and TR 21, *Omnibus Technical Release Amendments 2022*.

**QFR 1** Do you generally support the proposed amendments to TR 10 under paragraph 3 of this proposed TR? This amendment is intended to align the guidance in footnote 5A of TR 10 with that of Statement of Federal Financial Accounting Standards (SFFAS) 6, *Accounting for Property, Plant, and Equipment*, paragraph 18, as amended by SFFAS 60, *Omnibus Amendments 2021*. It would also supersede and replace relevant portions of a previous amendment to this footnote under TR 21. Please explain the reasons for your position.

DHS generally supports the proposed amendments. This amendment provides clearer alignment with changes to lease related guidance.

*Omnibus Technical Release Amendments:  
Conforming Amendments to Technical Releases 10, 16, 20, and 21*

**QFR 2** Do you generally support the proposed amendments to TR 16 under paragraphs 4-7 of this proposed TR? Paragraphs 5-6 would restore portions of prior guidance for perpetual software licenses based on Board requirements under SFFAS 10, *Accounting for Internal Use Software*. The amendments would also supersede previous amendments in TR 20 that rescinded portions of this guidance. Paragraph 4 removes reference to SFFAS 5, *Accounting for Liabilities of the Federal Government*, under scope paragraph 8 of TR 16, as TR 16 no longer clarifies SFFAS 5 after the earlier conforming amendments provided under TR 20. Paragraph 7 is a technical correction and conforming amendment to paragraph 32 of TR 16. Further modifications and enhancements to internal use software guidance are under research and development as part of the Board's software technology project. The AAPC will consider additional updates in coordination with the Board's project. Please explain the reasons for your position.

DHS generally supports the proposed amendments to TR 16. The restored language provides guidance for identifying and accounting for perpetual software license as IUS. The correction and conforming amendments to paragraph 32 of TR 16 are acknowledged.

**QFR 3** Should paragraph 8B, footnote 5A, of TR 10 retain the reference to "leasehold improvements?" The proposed change to TR 10 would retain reference to "leasehold improvements" as an item within footnote 5A. The wording, in conjunction with the rest of TR 10, suggests that the federal government could be obligated to pay asbestos clean-up costs on leasehold improvements to leased facilities and installed equipment. The AAPC would like to better understand if any reporting entities have (or have had) leasehold improvements that require (or required) asbestos cleanup for which the federal government is (or was) responsible.

Paragraph 8B, footnote 5A, of TR 10 should retain the reference to "leasehold improvements" because leasehold improvements are real property assets that could be subject to TR 10 guidance. Removing the reference does not remove the potential liability of the government, as leasehold improvements will still fall under the definition of real property.
